5 Dental Operatories

In September, we celebrated the 1-year anniversary of the opening of PSCC's Dental Clinic. Our state-of-the-art dental clinic has 5 operatories where we can provide a robust variety of services to our patients.

In the dental clinic alone, we are set to provide **over 1,100 visits** by the end of 2017. That is 5 TIMES more visits than in previous years. But we still have a long way to go. The dental clinic, when running at full capacity, has the **ability to provide 6,000 patient visits per year!** This is our ultimate goal!

Give now to help move towards our dream of running the dental clinic at full capacity and serving more patients than we ever have before!
